PRO TEX

Stain Proof Impregnator For Polished / Honed Marbles, Granites And Natural Stones

Description

PRO TEX is stain proof impregnator water and oil repellent for the protection of marbles, granites, compact natural stones, agglomerates and similar. It is excellent for the protection of vanity tops, floors working tops, lining and covering, tables top etc. PRO TEX is an impregnator which does not make any film and offers no color change.

Application

Apply on the surface to be treated an even coat of PRO TEX by means of lambs wool or brush. Allow to dry and then remove any excess by means of a floor machine and fine steel wool pad. The product excess can be also removed by means of a buffing floor machine and CERLUX 50 solvent base liquid wax. The surface to be treated has to be completely dry and dust free.

Maintenance

For regular maintenance clean the surface with NEUGEL or a neutral pH cleaner.

Caution

Flammable product. Provide adequate ventilation when used in confined spaces. Avoid sources of heat and flame. Protect eyes and skin from contact. Do not ingest.

Fortuitous Leakage And Waste Disposal Method

In case material is released or spilled, clean up the most of the product. Absorb all residue with sand, sawdust etc. Store the residue in metal tank and call for a specialized company.

Coverage	: 15 – 20 sq.m/lt.
Storage	: Keep the container closed and in store in cool and dry place.
Shelf Life	: 1 - 2 years in original sealed packing.
Packing	: 1 lt. bottle (12per carton) – 5 lt. (4per carton) – 10 lt. cans – 25/60 lt. drum

Technical Data

Appearance	: Limpid liquid
Odor	: Solvent
pH	: N/A
Color	: Transparent
Specific gravity (20°C)	: 0,94 gr./cc
Flashing point (ASTM D 56)	: >31°C
